

The Signing On screens explained

Giving the correct information when signing on is essential if you wish your result to count, an incorrect signing on makes it difficult for Race Officers to allocate a result to an entry, a signing on error may ultimately lead to disqualification. Read this explanation sheet carefully and if you have any doubts please email the Racing Secretary on ernie@wwsc.org.uk, and your query will be addressed.

**IMPORTANT- Never 'Sign On' when an error message displayed- if you do not correct the error your entry WILL be invalidated
